By Associated Press.

CHICAGO. Feb. 19—President B. B.
Johnson of the American league slarply
criticised tonight the action of the National league in adopting a schedule of
154 games to run until October 15. He
declared that the Nationals have wilfully
violated their agreement with the American league at a recent session of the
joint schedule committee.

"The club owners." he said. "have not
considered the interests of the fans who
make basebail or the world's series, the
crowning event of every season. As the
programme now stands, the champions
of the two leagues cannot begin the
world's series before October 17, when
the weather is not conductive to good
baseball playing, and when it will take a
mighty strong inducement to draw big
crowds."
